

## “Being Seriously Playful”

A 2 days intensive Dynamic training, about your inner child experiences and how to be and support clients and children in these processes.

You are invited to join René Veugelers for a 'Seriously Playful' 2 day training in the weekend of 30<sup>th</sup> of June and the 1<sup>st</sup> of July of June in Köln: in Inner Child Contact, Deepening Bodily Awareness, Non-Verbal Communication, & Creativity & Therapeutic Art Making, Experiential Listening & Focusing skills.

With all kind of new exercises!

It will be an organic approach to connecting creatively with the energy to move forward through life, related to our early (non-verbal) Children experiences wishes and needs . We will do all of the above in a safe environment with clear boundaries that respect the need for privacy and vulnerability inherent in much of childhood & adolescent experience. This brings always a fresh experience, subtlety and joy to every connection with children and with adults

We will go home enriched with new skills, a renewed respect for the energy that animates us all and a new playfulness we can bring to our movement, our life and our work.
